**The Duke Forest:
A Resource for All Seasons**

presented by
Sara Childs

St Luke's
Episcopal Church
Fellowship Hall
1737 Hillandale Road
Durham, NC

An introduction to the forest's past, present, and future as Duke University's original living laboratory and outdoor classroom. Information will include the forest ecosystem along with the power and healing of the great outdoors.

Sara DiBacco Childs is the Director of the Duke Forest, a 7,000 acre teaching and research laboratory owned by Duke University.
